

REACH TABLE

Description

Seated Table Curved Adjustable Leg in Fusion Maple

Our exclusively designed **Reach Tables** are our core component for creating beautiful and collaborative learning environments. The table top design is based on the flowing curves you'd find in nature, this shape is both aesthetically pleasing and allows the tables to interlock together creating longer or wider surface areas as needed.

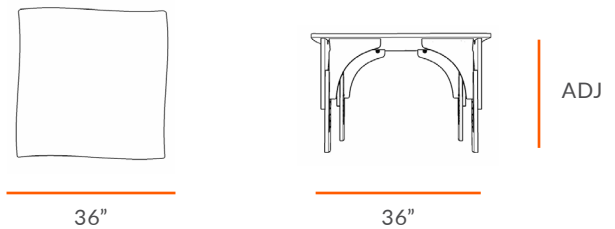

Reach Tables come in a vast range of sizes and configurations to suit every age group, and all have adjustable height legs as well, so the tables can grow as your students do!

Product features

- Edges all smoothed and finished
- Floor Glides
- Expandable surface by nesting in any direction
- Adjustable tables legs
